

Plate Glass Mid Frame - Harp Racks

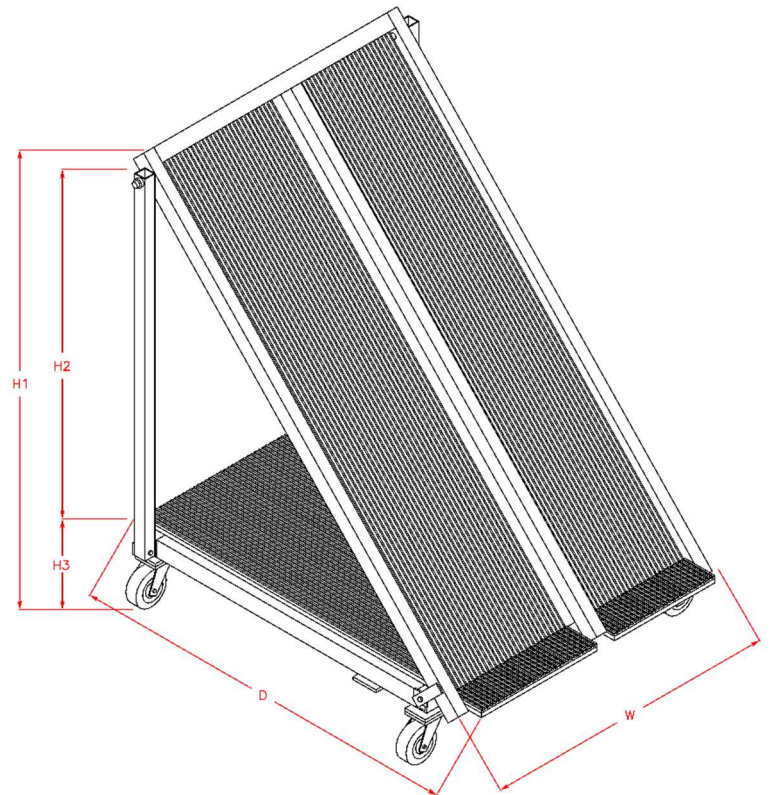

Typical Use: Plate Glass requiring added rack support
Mobile – on casters

Center framing support increases rack rigidity for heavy plate glass.

- lower & upper steel frames, fully welded
- upper frame folds for shipping
- lower deck accepts extended glass lengths
- PVC ½ decking, fully routed slots
- thermoplastic non-scratch rod covers
- 1/4 steel rods thread tensioned
- mobile with 6 casters, (2-rigid, 2-swivel w/ locks)
- paint selection (PST green or safety blue)
- custom color fee applies to special request
